1984-1987

FINE ARTS, UC SANTA BARBARA

Dean's list, Senior Art Show, Volleyball Scholarship

1987-1989

ILLUSTRATION, CAL STATE LONG BEACH

Focus on children's book illustration.

I'm an experienced educational computer game artist and a children's book illustrator and have done everything from creating tiny icons as game assets—to designing, animating and illustrating educational games—I also paint in acrylic. I love to sketch everyone's thoughts in meetings and to work as a team to come up with a great end product. I work well under pressure and have developed a thick skin. Whatever task is sent my way, I'll do my best to get the job done well and on-time. Please visit www.brightillustration.com to review my on line portfolio!

In contrast to life as an artist, I'm also an athlete who still competes; playing volleyball both on the beach and indoor. I love to hike, paddle, garden and spend time with my dog.

Work History
